The room was renovated in 2018 with a gold color finish, Il Bagno in Grigio
with large spaces of Art-Street, with raised sanitary ware and a large Emotional shower with
Gargoyle, Waterfall and Chromotherapy, and Waterfall taps. Wood and stone floors with
Larch balcony overlooking the Cristallo mountain. Headboard and upholstery in fir, two-tone. We have
obtained in connection with the shower cabin, with antique wood, a bed of salt
Himalayan, which works at 40 degrees to absorb lactic acids after walking. A
particular attention to particularly diffused lighting with night time markers.
The retractable motorized TV, controlled from the bedside table, like music, Radio and
possibility to connect an I-POD or your smart. Large walk-in closet. The radiator
color Corten has the ability to operate the fans inside for a greater contribution
caloric.
The room is designed to be an open, bright space in contact with Nature,
true protagonist of your stay in the mountains.
Recommended; leave the shutters open to be awakened by dawn with the chirping of
Birds in the summer and reflections of the snow in the winter, thunderstorms and snowfalls, to try.
